

CHURCH ORGAN FOR SALE \$25,000

Rodgers 950

Fully LOADED!

- Rodgers front speakers
- Walker antiphonal speakers
- Floating solo division
- Rodgers pipe control with two relays
- All stops, keys, pedals, pistons, and memory levels operate (except for a zimbelstern)

Church recently upgrading to a new instrument, and this organ is currently in climate-controlled storage in the church building (in Snellville, GA).

Rodgers of this era are workhorses and possess remarkable sound quality for their era, so these don't come available often.

Contact music@StMatthewsSnellville.org for more information.

Rodgers PR-300S sequencer, recorder, etc. May be sold separate or included with the organ. Lots of extra floppy disks included.
