Classic Cloche Pattern

Do you remember my post about my Classic Cloche? Well, someone left a comment and asked for the pattern. Unfortunately, I did not write the pattern down as I made it. (That's not the first time for that. Maybe I'll learn my lesson this time.) I sold the hat so all I had were pictures to re-create from. I think it came out pretty close, if not the same.

Materials:

- Size I crochet hook
- 4ply worsted weight yarn

Abbreviations:

- ch = chain
- ea = each
- hdc = half double crochet

- st = stitch
- rep = repeat
- rnd = round

Instructions:

Start with a magic circle, ch 1
Rnd 1: 7 hdc in ring, join with a slip stitch(7hdc)
Rnd 2: ch 1, 2 hdc in ea st around, join (14hdc)
Rnd 3: ch 1, *1 hdc in next st, 2 hdc in next st* rep around, join (21hdc)

Rnd 9: ch 1, 1 hdc in ea st around, join (56hdc)
Rnd 10-17 : rep Rnd 9 (for a longer or shorter hat do more or less rows)
Rnd 18: ch 1, in back loops only, *1 hdc in next st, 2 hdc in next st* rep around, join
Rnd 19: ch 1, 1 hdc in ea st around, join.
Rnd 20-21: rep Rnd 19, fasten off.

Adornment:

You can adorn your cloche with strands of yarn or crocheted flowers or anything you want, really. Here are examples of how I did it with the strands. It actually the yarn I had left over.

Here is a picture of my first Classic Cloche if you missed that post:

I don't remember how much yarn it was, but i just folded them evenly, wrapped it around the hat and tied it in a knot. Then I twisted the yarn around itself to make the shape and I secured the yarn with fabric glue. I didn't glue it to the hat itself because I wanted the adornment to be removable.

You could also let the strands hang down for a different look. These strands came out to be about 3 feet long. I counted 8 strands, but I didn't cut the yarn, it's just folded. You can play with it and come up with something new.
